Assistant Professor in Sheep breeding and production / Department of Animal Production / College of Agriculture / Al-Qasim Green University

Location: Iraq / Holy Karbala governorate**Occupied administrative positions**

(2020 - 2023) Assistant Chairman/ dept. of Animal Resources - College of Agriculture /Al-Qasim Green University

Academic history**B.S.**, Babylon University – dept. of Animal Production - College of Agriculture.**M.Sc.**, Al-Qasim Green University – dept. of Animal Production - College of Agriculture**Ph.D.**, Basrah University – dept. of Animal Production - College of Agriculture**Office Address**

Iraq – Babylon governorate – Al-Qasim Green University/college of Agriculture/ department of Animal Production

Research Interests

Sheep breeding and production, Molecular genetics, animal breeding and genetics, gene polymorphism,

Description of Research activities

The genotyping of several Iraqi mammals and birds is under focus for my research group. Since no detailed molecular study was conducted in Iraq to explore the molecular identity of these unique breeds animal, several post PCR diagnostic experiments are being performed, such as PCR, PCR SSCP, AFLP, DNA Sequencingetc.

Reviewer in the following Journals;

- 1) *BMC Genomics* **WEB OF SCIENCE**
- 2) *IOP Conference Series: Earth and Environmental Science*
- 3) *Iraqi Journal of Science*

- Awards and prizes
 - (2009) First of all prize for undergraduate students B.S., Babylon University - College of Agriculture.
 - (2009 – 2022) several acknowledgements from the Minister of higher education and scientific research, the President of Babylon university, the President of Al-Qasim Green University, the President of Basrah University, the dean of college of Agriculture/Al-Qasim Green University,
-

- **Title of my thesis PhD (Productive performance and sexual puberty and its relationship with the polymorphism of the *GnRH* and *GnRHR* genes in the Lambs of the local Awassi sheep and Iranian Karakul breeds)**
- **Title of my thesis Msc. (Effect of Some Genes and Hormones that Related with Fertility and Prolificacy in Awassi Sheep).**
