

Curriculum vitae

Name: Nada Saad Naji Al-Taee

Date of birth: 1/9/1976

Marital Status: Married

Number of children: two

Religion: Muslim

Specialization: animal / physiology of animal

Position: University professor

Degree: Professor

Work address: Al-Al-Qasim Green University/ College of Biotechnology

Mobile: 07813247406

Email: naji@biotech.uoqasim.edu.iq

First: Academic Qualifications:

data	College / Department	University	Scientific degree
1998	College of Sciences / Life Sciences	Babylon	Bachelor
2005	College of Sciences / Life Sciences	Babylon	Master
2012	College of Sciences / Life Sciences	Babylon	Doctorate
Effect of cadmium in fertility of the native rabbits Study the effect of <i>Lepidium sativum</i> seeds extraction in sperm parameters and levels of some hormone and free radicals in male rabbits <i>Oryctolagus cuniculus</i>			Thesis title Doctorate thesis title

Second: career progression

Period From – to	The destination	Function	No
1998	Ministry of Higher Education / Babylon University- Department of Life Sciences	M. Researcher	1
2008-1998	Ministry of Higher Education / Babylon University- Department of Life Sciences	Assistant lecture	2
2009	Ministry of Higher Education / Babylon University- Department of Life Sciences	lecture	3
2012-2005	Ministry of Higher Education / Babylon University- Department of Life Sciences	lecture / master	4

2012	Ministry of Higher Education / Babylon University- Department of Life Sciences	lecture/ doctorate	5
2012	Ministry of Higher Education / Babylon University / College of Basic Education - Department of Life Sciences	lecture / doctorate	6
2016-2013	Ministry of Higher Education / Babylon University / College of Basic Education - Department of Life Sciences	Assistant Professor/ doctorate	7
2016	Ministry of Higher Education / Al-Qasim Green University / College of Environmental Sciences	Assistant Professor/ doctorate	8
2019	Ministry of Higher Education / Al-Qasim Green University / College of Environmental Sciences	Professor / doctorate	9

Third: University education:

Period From – to	University	Organization (institute / college)	No
2012-1998	Babylon University	College of Sciences - Department of Life Sciences	1
2016-2012	Babylon University	Faculty of Basic Education	2
2016	Al-Qasim Green University	College of Environmental Sciences	3
2020- 2019	Al-Qasim Green University	College of Science	4
2021	Al-Qasim Green University	College of Biotechnology	5

Fourth: The courses that I taught:

Year	Academic subject	Department	No
2012-1998	Environment, plant, physiology, tissues, pathological analyzes, animal eco-physiology	Department of Life Sciences / University of Babylon	1
2016-2012	Zoology, tissues, invertebrates, physiology	Life Sciences Department / College of Basic Education	2
2016	Molecular Biology, Animal Ecology, Human Ecology, Animal Physiology, Environmental Health (Postgraduate / M.A.)	Department of Environment / Al-Qasim University	3
2019	A human biology	College of Science / Al- Qasim University	4
2021	Animal physiology/histology	College of Biotechnology	5

Fifth: Conferences, symposia and scientific programs in which I participated:

Type of participation (Research / Attendance)	Work place	year	Title	No
Research	University of Babylon	2012	Fifth Scientific Conference / College of Basic Education	1
seminar	University of Babylon	2013	Lasers and excitation negative on humans	2

Share a course	University of Babylon	2014	Participation in the learning outcomes evaluation cycle to ensure quality	3
seminar	University of Babylon	2014	Cholera and its effects on humans	4
Research	Egypt	2015	Sixth Scientific Conference / College of Basic Education	5
Research	University of Babylon	2015	The Second International Scientific Conference / Quranic Studies	6
seminar	College of Engineering / University of Babylon	2015	Anti-drug awareness seminar	7
Presence	University of Babylon	2015	Participation of a training course in total quality concepts	8
seminar	Al-Qasim University	2016	Awareness of the rationalization of water consumption	9
seminar	Al-Musayyib College	2016	Mobile and provoke negativity on human health	10
Presence	Al-Qasim University	2016	Invitation of the training course with the workshop on chemical safety and security	11
Share	University of Babylon	2016	Workshop of continuous improvement in Japanese kaizen and kaikaku strategy	12
seminar	Al-Qasim University	2017	Smoking and its negative effects on human health	13
seminar	Al-Qasim University	2017	Drugs and its negative effects on human health	14
Research participant, head of a scientific A seminar	Al-Qasim University	2017	The first scientific conference for student graduation research projects	15
	Al-Qasim University	2018	Mobile and stir negativity on humans	16
Member of the Preparatory Committee	Al-Qasim University	2018	The first academic conference on unifying curricula for environmental departments	17
Member of the scientific committee	Al-Qasim University	2018	The second scientific conference for students' graduation research projects	18
Scientific Council	Turkey	2019	Thirteenth International Conference on Environment - Antalya - Turkey	19

Sixth: Other scientific activities:

Work place	Year	Title	No
Babylon University	2002	Pass the English language course	1
Babylon University	2008	Pass the computer course	2
Babylon University	2012	Objections Committee in the Department of Life	3
Babylon University	2012	Pass the computer course	4
College of Basic Education / University	2013	A central scientific committee, number 1	5
College of Basic Education / University of Babylon	2014	Mandated to correct the animal's substance during the maternity leave	6
Babylon University	2015	Attending a lecture on cholera and its prevention	7

Babylon University	2015	A scientific visit to the laboratories of the Faculty of	8
Ministry of Higher Education / Scientific	2015	Scientific ingredient / Master Thesis	9
Babylon University	2016	Supporting the participation of a workshop with the Scientific Supervision and Evaluation / Quality Assurance Authority	10
Babylon University	2016	Attending a scientific symposium / Department of Chemistry	11
Al-Qasim University	2016	Attending a training course with the workshop on chemical safety and security	12
Babylon University	2016	Attending a scientific symposium on environmentally friendly energy directives	13
Al-Qasim University	2016	Attending the national symposium on protecting the Tigris and Euphrates rivers from pollution	14
Muthanna University / Promotions Committee	2016	Scientific ingredient / promotion purposes (3)	15
Ministry of Higher Education / Scientific	2016	Scientific ingredient / PhD thesis	16
Babylon University	2016	Attending the MA student discussion	17
Al-Qasim University	2016	Establish an environmental carnival	18
College of Environmental Sciences / Al-Karbala University / University Journal	2016	Permanent and temporary scientific committees (11)	19
College of Environmental Sciences / Al-	2017	Scientific ingredient / publishing purposes (2)	20
College of Environmental Sciences / Al-	2017	Permanent and temporary scientific committees (8)	21
College of Environmental Sciences / Al-	2018	A permanent and temporary scientific committee (12)	22
College of Environmental Sciences / Al-	2019	A permanent and temporary scientific committee (3)	23
Ministry of Higher Education / Scientific	2019	Scientific ingredient / Master Thesis	24
College of Environmental Sciences / Al-Qasim University	-2018 2019	Voluntary volunteer work (6)	25

Seventh: Research projects in the field of specialization to serve the community or develop education:

year	Place of publication	Search Name	No
2017	International Journal of ChemTech Research	Ameliorative Effects of Corn Oil against Hydrogen Peroxide- Induced Oxidative Stress on Rabbits Sperm Characteristics.	1
2016	Journal of the College of Basic Education	The Effect of Using the Unorganized Stimulation in the Acquisition of Biology for Female Students of the Fifth Scientific Branch	2
2015	Babylon University Journal of Pure and Applied Sciences	Changes in the sperm standards for male rabbits in vitro as a result of dosage in ascending concentrations of terpene extract for seeds of cress.	3
2015	Al Furat Journal of Agricultural Sciences	Effect of <i>Lepidium sativum</i> seed extract on concentrations of some adult male rabbit hormones.	4
2014	Journal of the College of Basic Education / University of	The effect of cadmium concentration in some different body parts on local male rabbits.	5
2013	Journal of Natural Sciences Research	Changes in Sperm Parameters of Adult Male Rabbits by Phenol Extract of <i>Lepidium Sativum</i> Seeds.	6
2013	Euphrates Journal of Agriculture Science	effect of seeds extraction <i>Lepidium sativum</i> on zinc and iron elements and some parameters in serum of white male rabbits.	7
2013	Journal of Biology, Agriculture and Healthcare	Effect of Tocopherol Extraction of <i>Lepidium Sativum</i> Seeds in	8

2013	Journal of Natural Sciences Research	The Effect of Corn Oil in Sperm Parameters and Levels of Some Hormone, Elements, and Biochemical Parameters in Serum of White Male Rabbits.	10
2013	Journal of Biology, Agriculture and Healthcare	The Effects of Tocopherol Extraction from Lepidium Sativum Seeds on the Histology of Testis, Epididymis, and Seminal Vesicles of Adult Male Rabbits.	11
2013	Babylon University of Pure and Applied Sciences	Effect of Cadmium in Fertility of The Native Rabbits.	12
2012	Kufa University Journal for Life Sciences	Effect of manganese chloride on osmolality of blood plasma in male white rats	13
2008	Babylon University Journal	The effect of cadmium chloride on some physiological parameters of blood, osmosis of blood plasma and sperm plasma in local male rabbits	14
2008	Babylon University Journal	Effect of manganese chloride on some physiological blood parameters and blood plasma phosphorous in male white rats	15
2018	Indian Journal of Public Health Research & Development	Physiological blood parameters of young university adults with blood glucose, blood pressure and smokers.	16
2019	Indian Journal of Public Health Research & Development	Physiological aspects of osmolality and cations of young university adults suffer from blood glucose, blood pressure and smokers.	17
2019	Medico-Legal Update	Physiological Important of Minerals in Fertility of Women: Comparison of Pregnant Women's Minerals in Urban and Rural Areas	18
2020	Indian Journal of Forensic Medicine & Toxicology	Blood pressure, Blood Sugar, Smokers and their Relationship	19
2020	Medico-Legal Update	Effect of Garlic and Celery Extracts on Lead Toxicity in Male Mice	20
2020	Indian Journal of Forensic Medicine & Toxicology	Effects of Cement Dust on Electrolytes and Osmolality in Serum and Urine of Kufa Cement	21
2021	Biochem. Cell. Arch.	Histological changes in the testes, epididymis and seminal vesicles of adult male rabbits treated with	22

Eighth: Thank you books, awards and certificates of appreciation:

year	Donor place	Letter of thanks, award or certificate	No
2004	College of Life Sciences / University of Babylon	A certificate of appreciation	1
2009	College of Life Sciences / University of Babylon	Congratulation	2
2012	Graduate Studies Department / University of Babylon	Congratulation	3
2012	Dean / College of Basic Education / University of Babylon	Thanks and appreciation	4
2013	Dean / College of Basic Education / University of Babylon	Acknowledgment (2)	5
2014	Minister of Higher Education	Thanks and appreciation	6
2014	President of Babylon University	Thanks and appreciation	7
2015	Dean / College of Basic Education / University of Babylon	Congratulation	8
2015	Presidency / President of the University / Dean of the University of Babylon	Valuation certificate from several sources	9

2015	Dean	Thanks and appreciation	10
2015	University President	Congratulation	11
2016	University President	Acknowledgment (3)	12
2016	Dean	Acknowledgment (4)	13
2017	University President	Thanks and appreciation	14
2017	dean	Thanks and appreciation	15
2018	University President	Thanks and appreciation	16
2018	Dean	Thanks and appreciation	17
2019	University President	Acknowledgment (3)	18

Ninth: Membership of local and international scientific bodies:

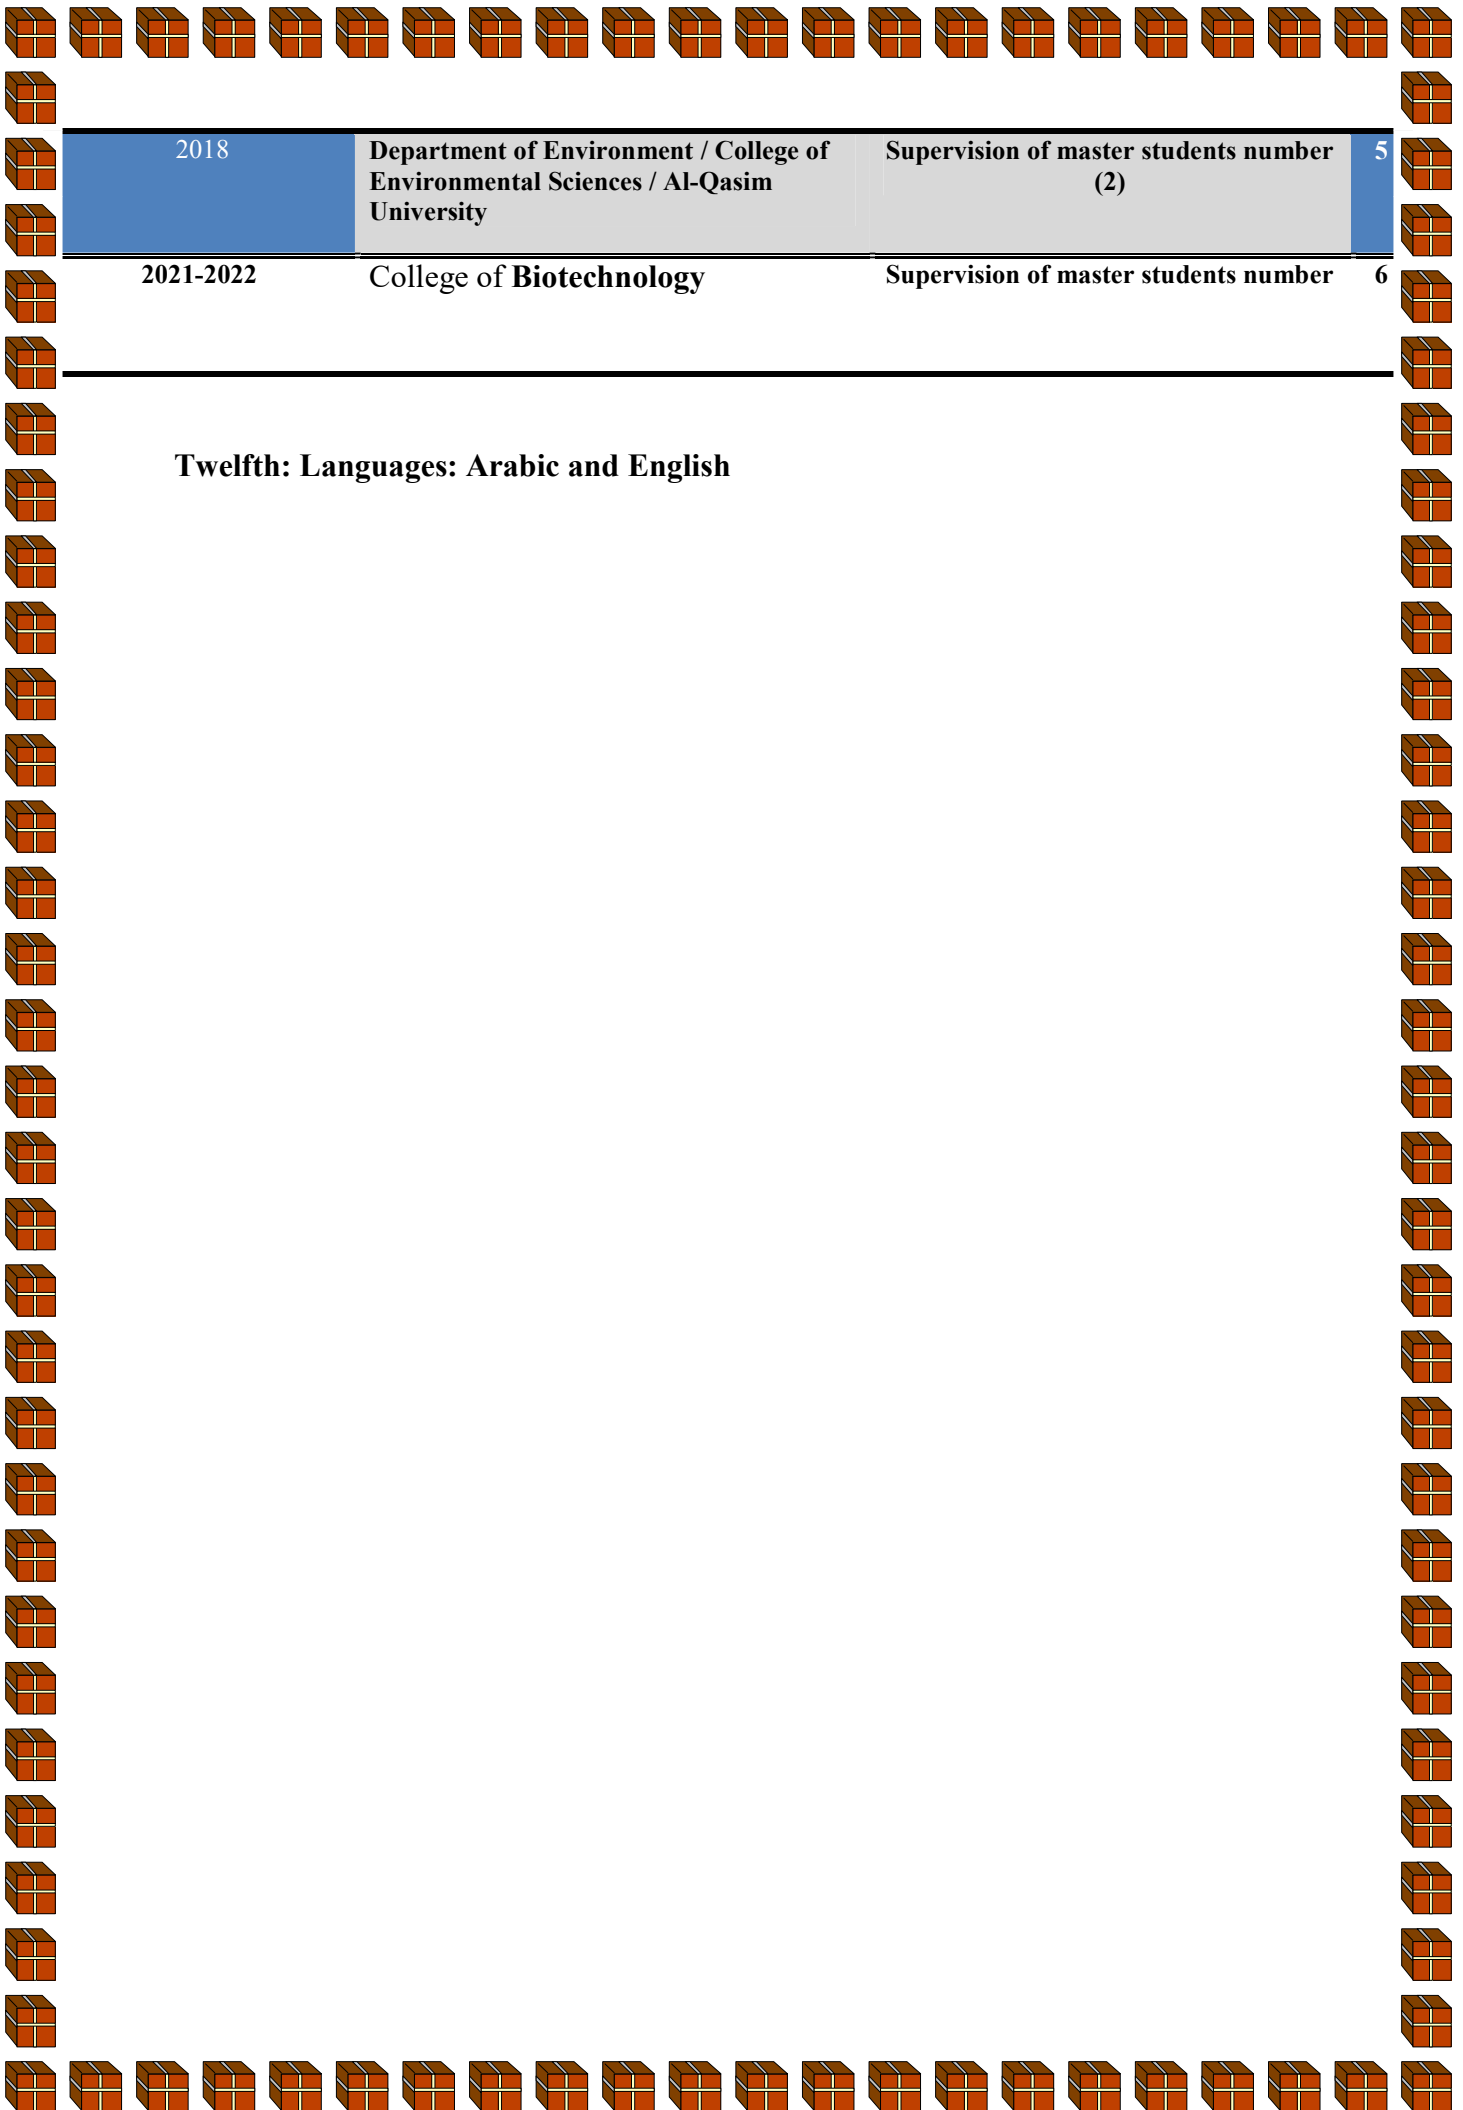

There is no

Tenth: Books or chapters composed or translated:

Composition year	The name of the book / chapter	No
2016	Manual of Laboratory Experiments - Animal Environment	1
2017	Manual laboratory experiments - animal physiology	2
2018 and continues until now	book animal ecophysiology	3

• Eleven: (Thesis) that I supervised:

year	Department	The name of MA thesis or PhD thesis	No
2009	Life Sciences / University of Babylon	Research graduating primary students	1
2016-2014	Department of General Sciences / College of Basic Education / University of Babylon	Research graduating primary students	2
2015	Department of General Sciences / College of Basic Education / University of Babylon	Supervision of the MA student	3
2016	Department of Environment / College of Environmental Sciences / Al-Qasim University	Research graduating primary students	4

2018	Department of Environment / College of Environmental Sciences / Al-Qasim University	Supervision of master students number (2)	5
------	---	---	---

2021-2022	College of Biotechnology	Supervision of master students number	6
-----------	--------------------------	---------------------------------------	---

Twelfth: Languages: Arabic and English
